GLACIER MOUNTAIN LODGE

Glacier Bible Camp

Glacier Bible Camp and Retreat Center is a 50 acre development located on the beautiful Flathead River in the township of Hungry Horse, Montana. With Glacier Park next door and the Flathead Valley close by, it is a wonderful location for camps, conferences, retreats and family reunions.

Small groups occupying only a few rooms or large camps of over 500 will find the facilities conducive to a variety of occasions at affordable prices. Package plans including food service or facilities-only plans can be tailored to meet individual needs.

Owned and operated by the Montana Council of the Assemblies of God, the facilities are available to churches, organizations and families who value and promote the Christian faith. For that reason we require users to maintain appropriate behavior, language, dress and relationships. The campus is a smoke-free environment and alcoholic beverages are not permitted. To inquire about use of Glacier Bible Camp call 1-800-405-9876.
